THE ABC OF RACIST EUROPE

THE ABC OF RACIST EUROPE

A

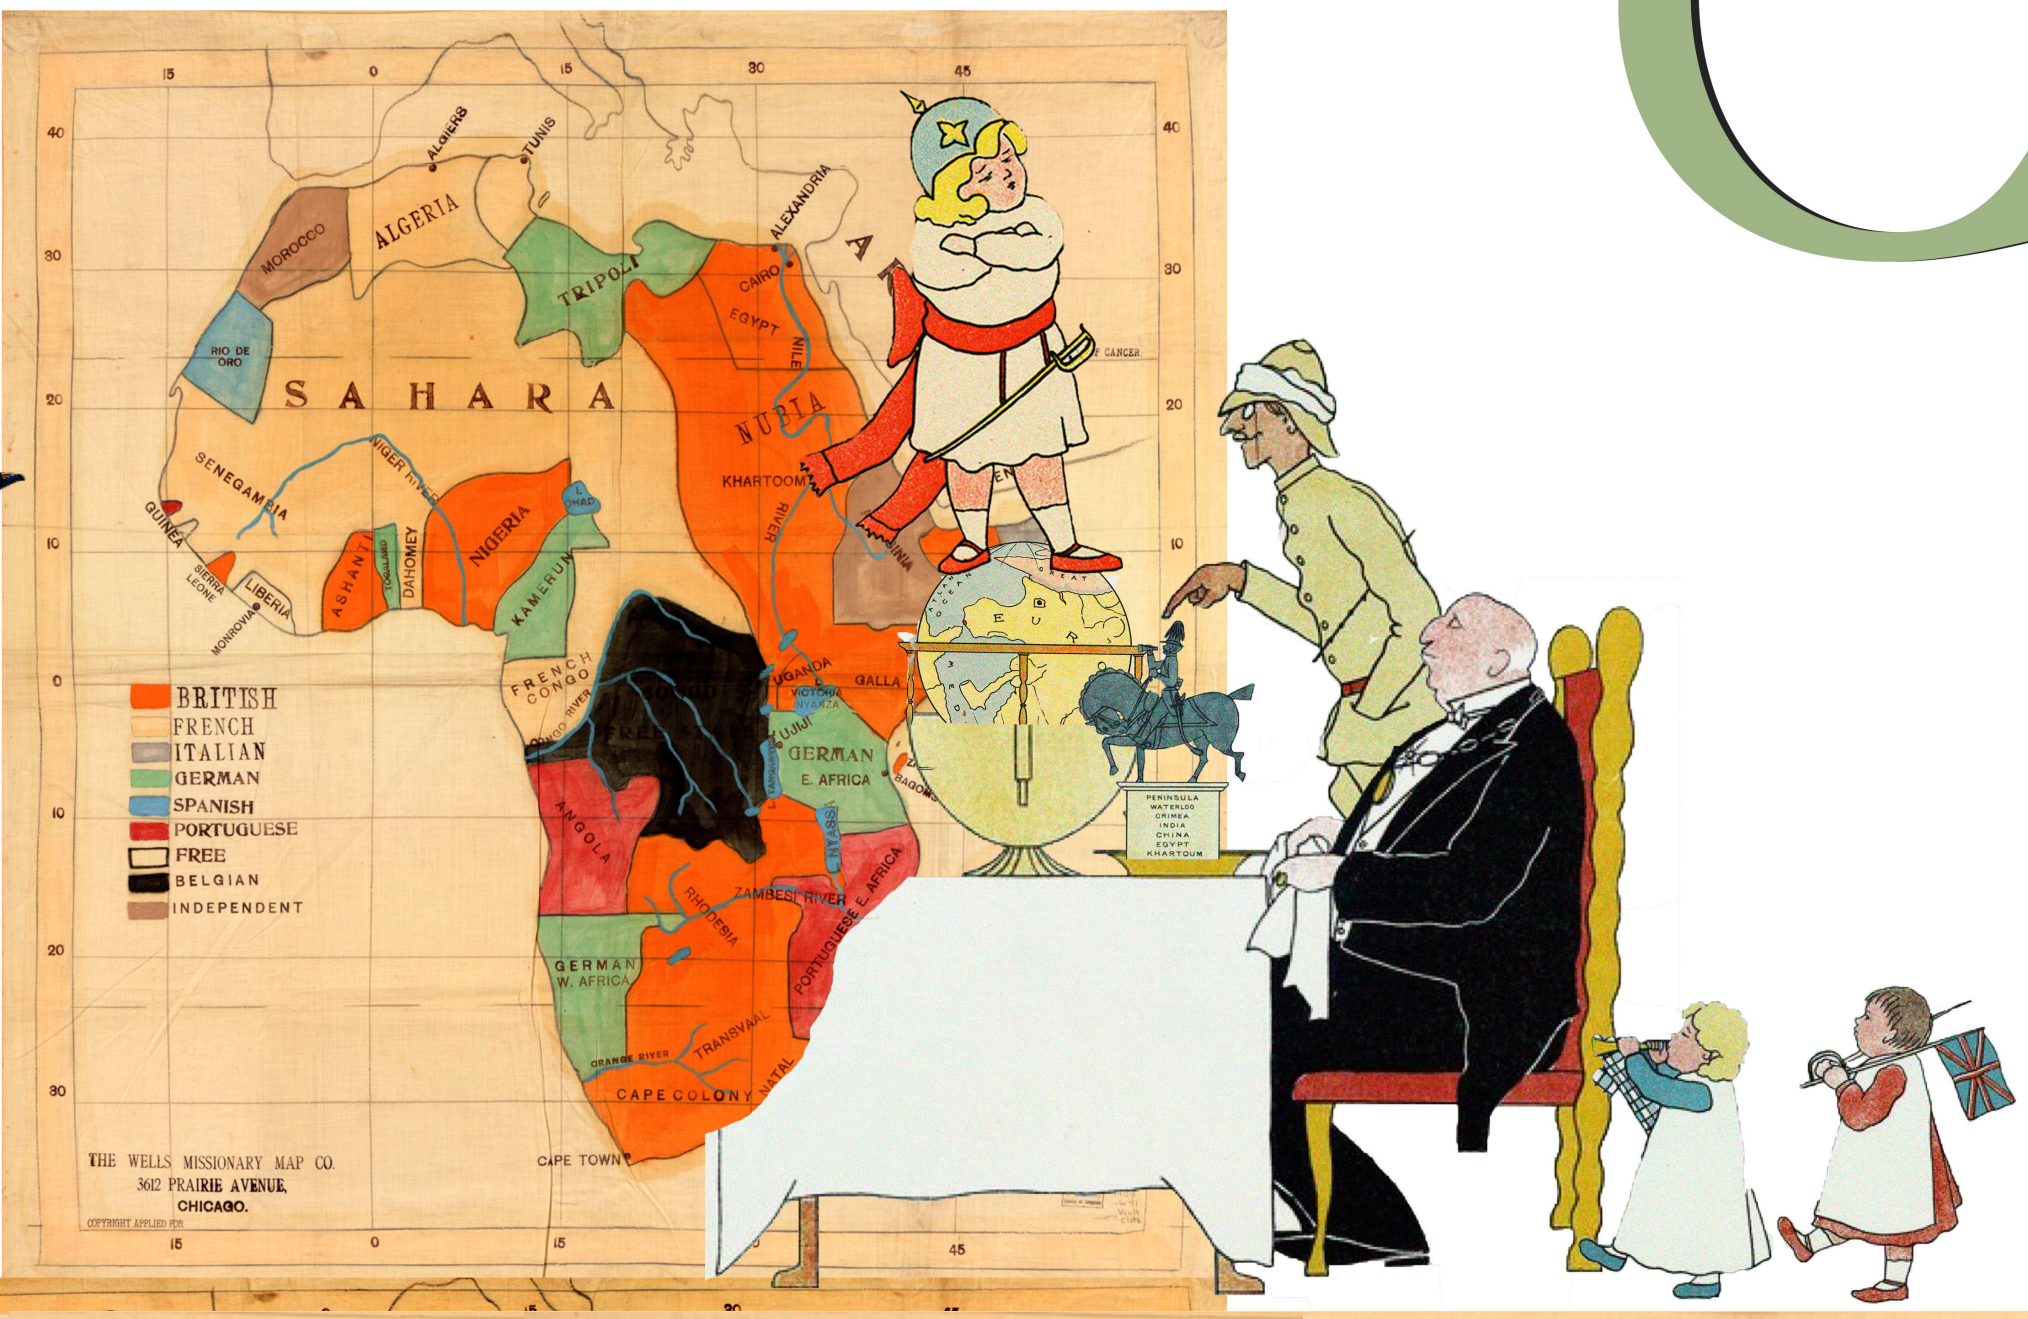

The same **Airplanes** that white European tourists take on their vacations are used for the deportation of racialised migrants and **Asylum** seekers. During the expulsions the **Authorities** use a lot of violence. It's like an **Apartheid** regime in the **Airports**.

B

Borders can be decided, **Built** and crossed by European white people, but not by racialised people coming from former colonies, who must undertake risky crossings hiding in a **Bus** or a **Boat.**

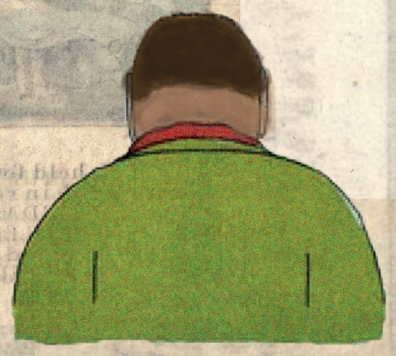

C

Colonialism created the global **Conditions** for having detention **Camps** for migrant people from ex-**Colonies** in European **Countries**.

D

A simple **Document** can **Define** whether a migrant person is **Detained** and **Deported**. The power to **Decide** a **Deportation** relies on European authorities, politicians, judges, and even regular citizens.

E

Even though **European** people invaded with violence the global south, even though the British **Empire Economy** was built through the oppression and **Exploitation** of people from the colonies, **Empowerment** and resistance will be always stronger than the colonisers.

F

FRONTEX is the migratory control agency of the European Union. **FRONTEX** destroys **FREEDOM** and breaks up **FAMILIES**. We have to **FIGHT FRONTEX** with all our **FURY**.

G

The British **Government** contracts the company **G4S** to run the immigrant detention centres as well as many processes of forced deportation. **G4S** also works with the Israeli **Government** to run prisons where Palestinian political prisoners are held and tortured.

H

The **HOME** office is the department in charge of treating migrant people and asylum seekers with **HARD** bureaucratic violence, drowning the idea of being **HAPPY** and feeling at **HOME**.

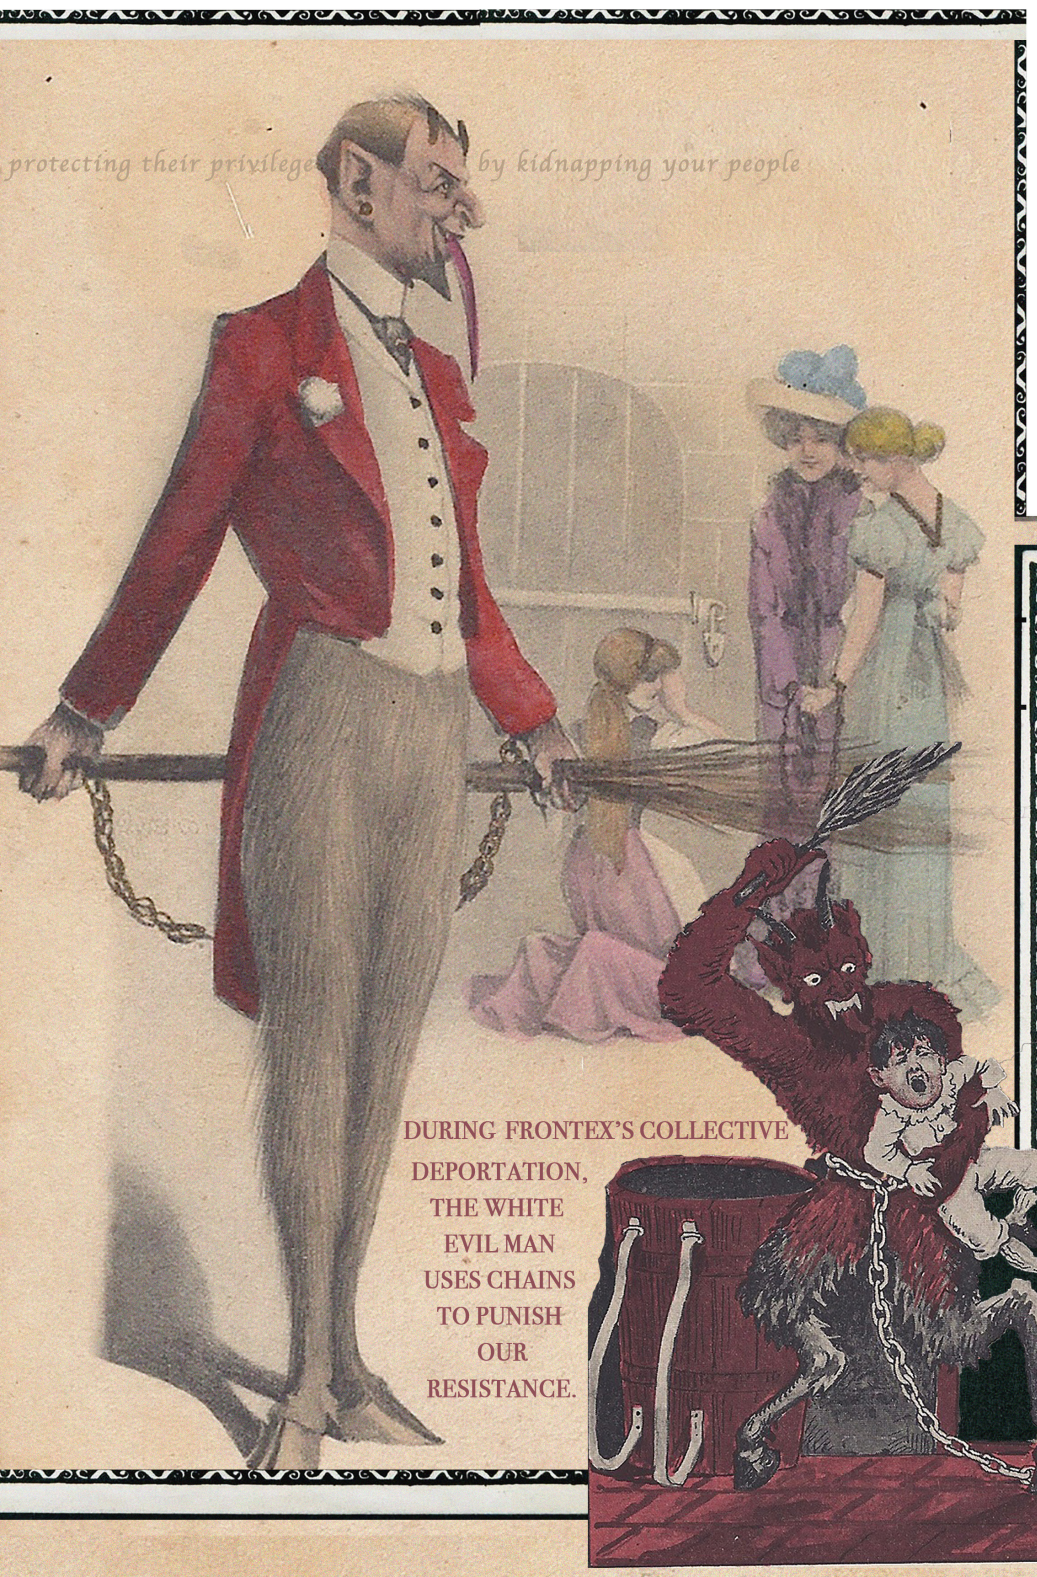

Europe will turn into an **ISLAND** in their attempt to stop us, while calling us '**ILLEGAL IMMIGRANTS**'. They will put razor wire all over their territory and we will laugh from outside when they realise they are trapped **INSIDE**.

J

If the anticolonial militant Patrice Lumumba had migrated to England, he would have passed by the **Jungle** of Calais and been detained in the **Jail** for migrant people. Or, after entering the territory, he wouldn't have found **Justice** while living under the profitable housing system for asylum seekers run by the company **Jomast**.

K

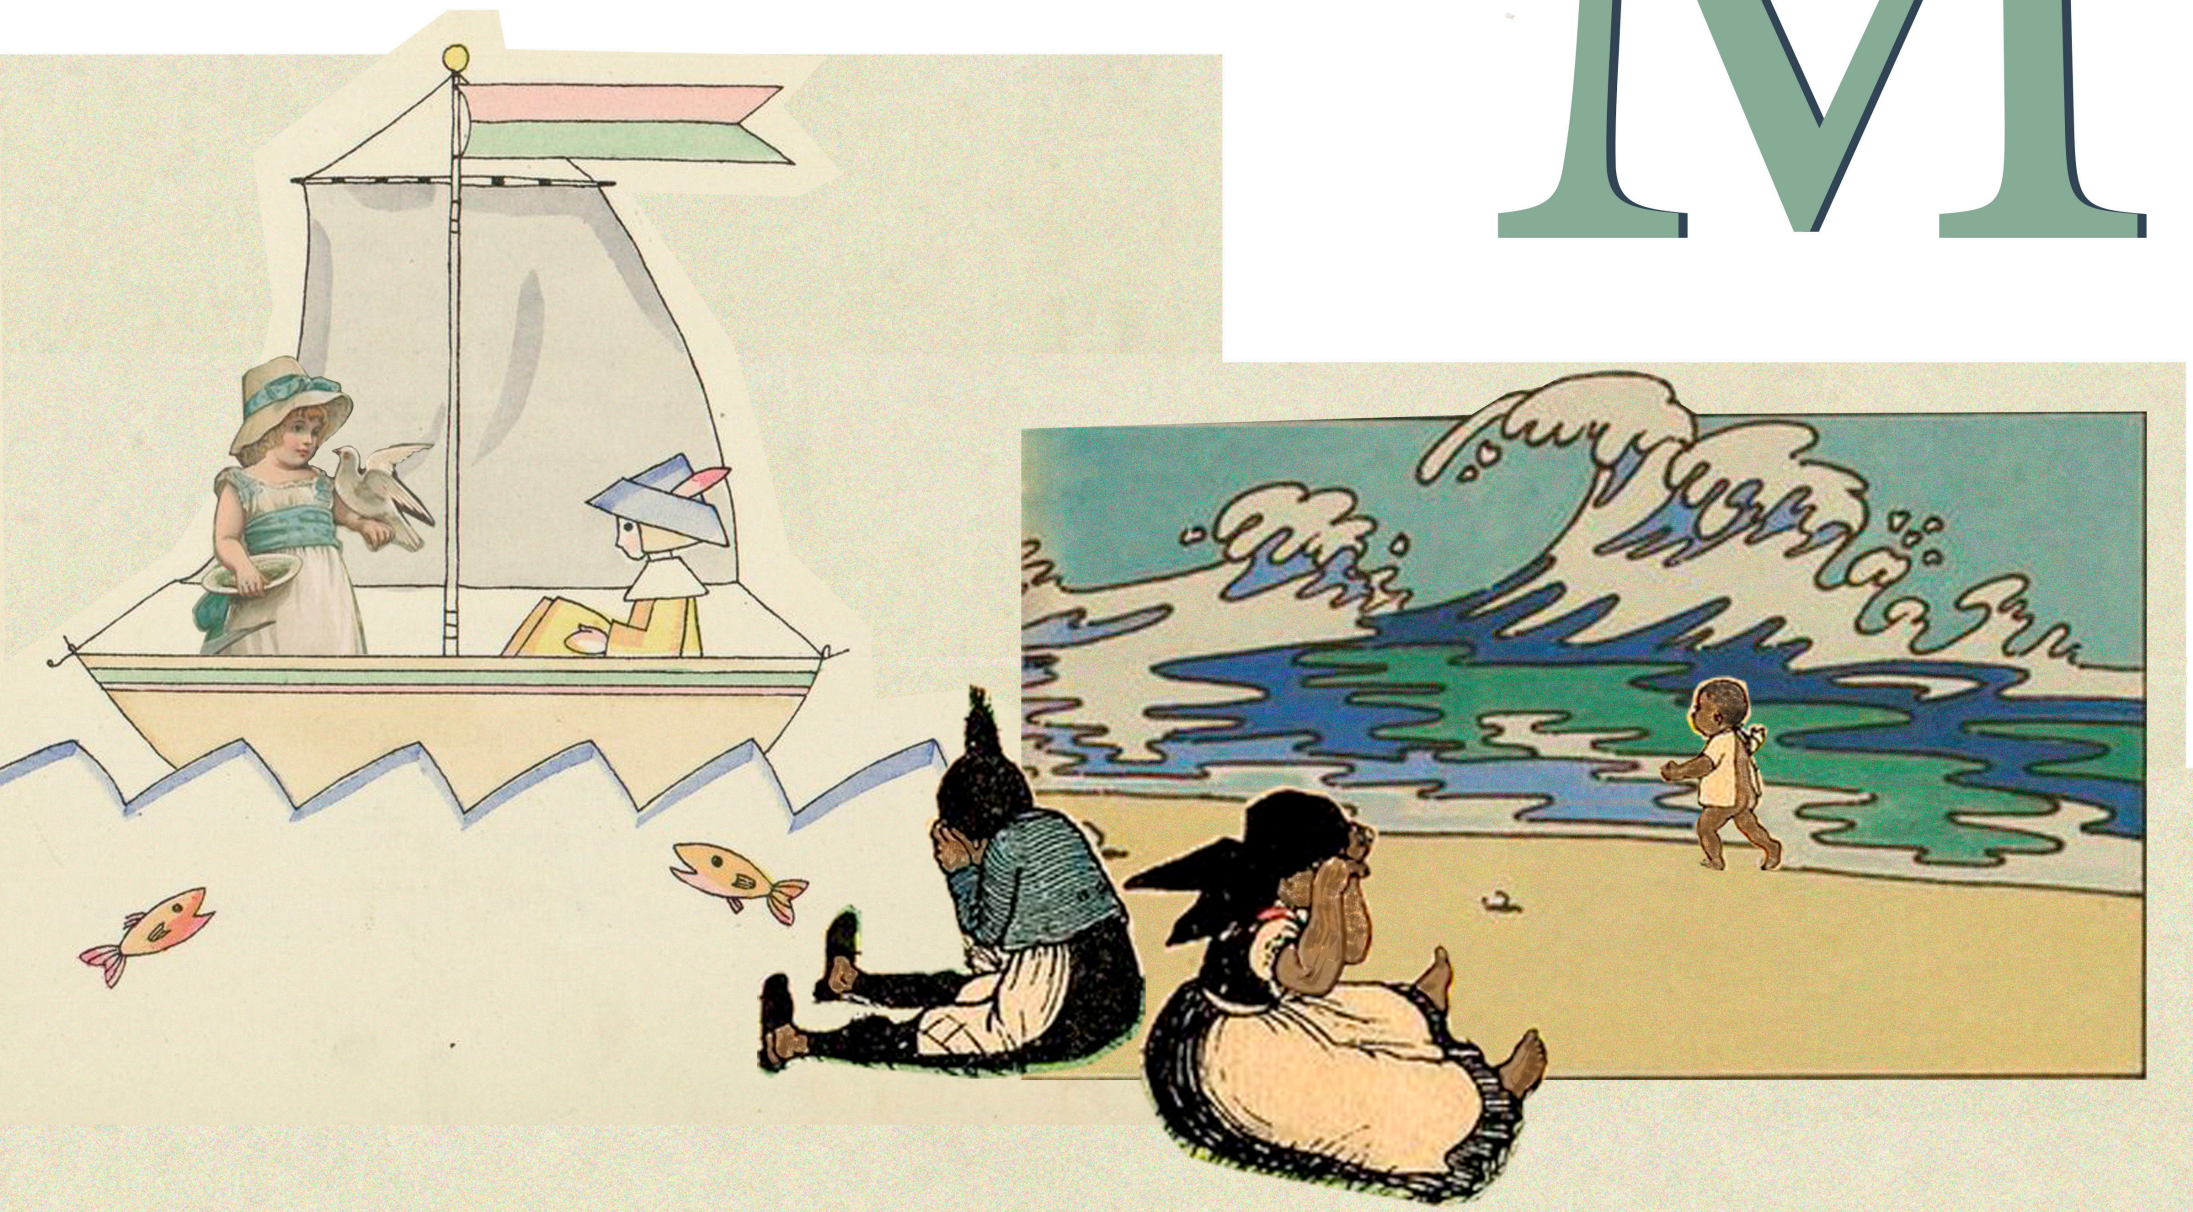

Racialised people **KNOW** that racist social services **KIDNAP** Roma **KIDS** using racist arguments. We also **KNOW** that European police **KEEP** migrant **KIDS** detained to deport them and that the migratory control system **KILLS** children at European borders.

L

The European **Legal** system and **Laws** have always benefited the **Lazy** white European male and his violent exploitation of racialised people to create abundance and welfare for himself. **Legal** doesn't mean **Legitimate.**

M

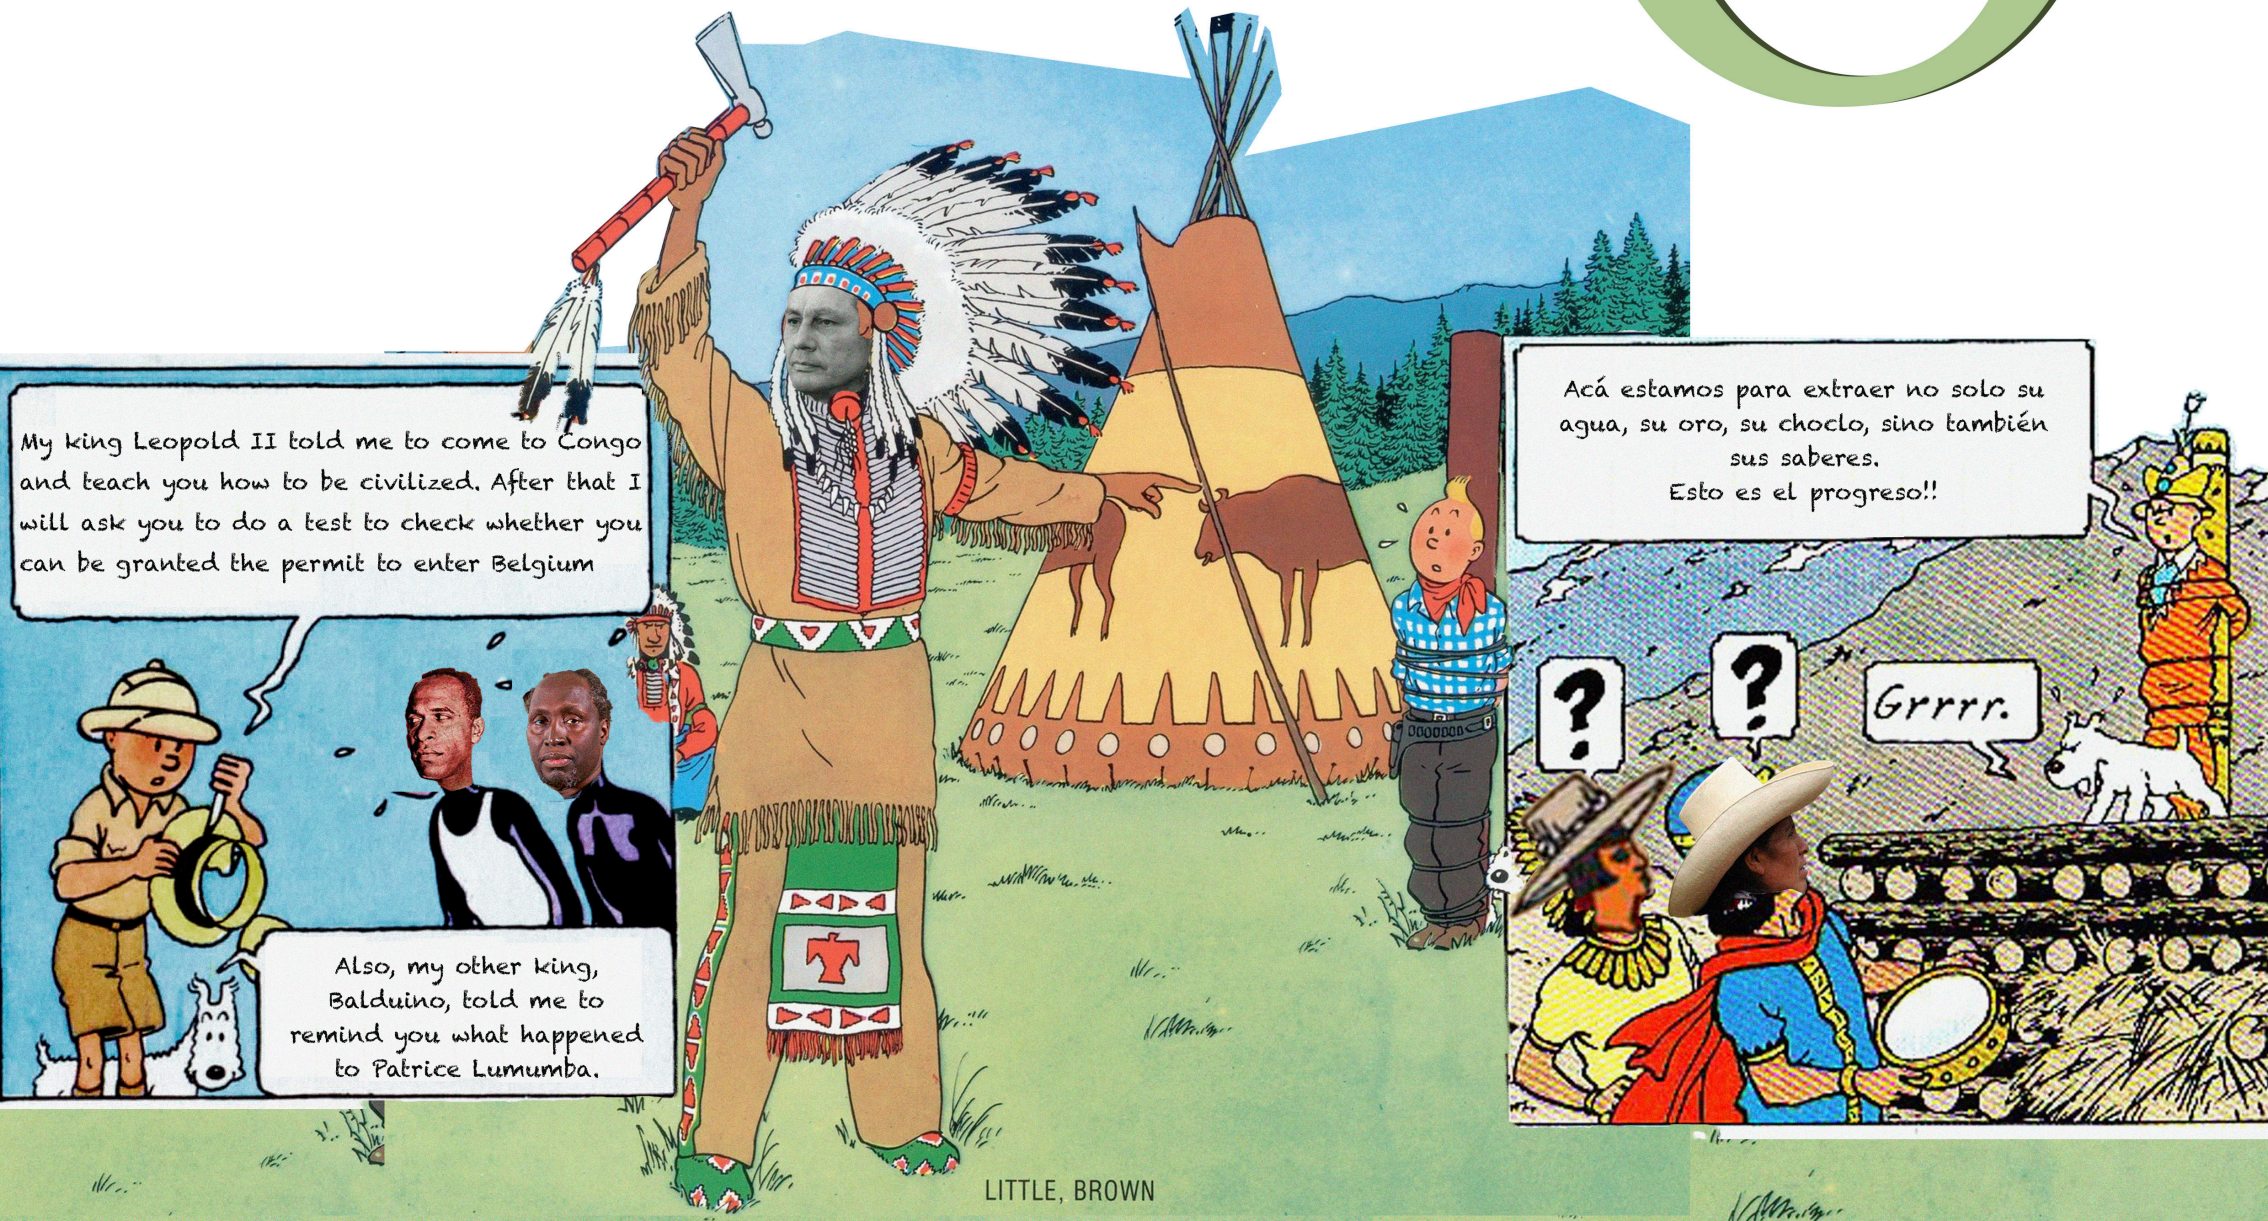

The **Mediterranean**, the sea where the white European **Middle** class enjoys their holidays, is the same sea where more than 50.000 **Migrant** people have died or disappeared.

N

NATIONAL borders and **NATIONALITIES** are systems created by Europe; countries are not a **NATURAL** formation. The independence of the colonies didn't mean the end of the colonial global order. **NATIVE** people are still oppressed by white supremacy.

O

LITTLE, BROWN

European people are **OPENLY** racist, even in their children's books. We need to stop **OBEYING** them, get **ORGANISED**, get the national borders **OPEN** for us, and close them for the white coloniser.

N

P

The **POLICE PROTECT** the **PRIVILEGES** of white **PEOPLE** with European **PASSPORTS**. Every day racialised **PEOPLE** fight the **POWER** of the colonial order.

Q

White people don't know how to be **Quiet**. They cannot **Quit** their colonial **Queen**-like position. They even dare to **Qualify** racialised and migrant people from ex-colonies as anti-white racists when we discuss white supremacy, Eurocentrism and colonial racism.

R

We will **Reject** the neocolonial **Regimes**! It's time to **Refuse Racist Rules**! We will **Resist** with **Radical** anti-**Racism**!

S

European welfare was built on the abuse and exploitation of people who were forced to be **SLAVES**, whose descendants are now being **STOPPED** at the national borders so they cannot benefit from that accumulation of capital in Europe.

T

White European **Tourists** can **Travel** to our **Territories** without any visa and spend little money because of the global colonial economic order. When we **Travel** to their countries and try to live there they control us, and we are forced to use a **TAG** with a GPS **Tracker**.

U

Fellow worker! Listen!
A common strategy
of white supremacy is to say
oppresion is only about capitalism
and never because
of racism.

The Euro-white working class is **USING** the excuse of being **UNHAPPY** over **UNEMPLOYMENT** to explain why they vote for racist candidates. What they really want is to maintain the colonial order so that they can continue as the **UPPER** stratum of the global working class.

V

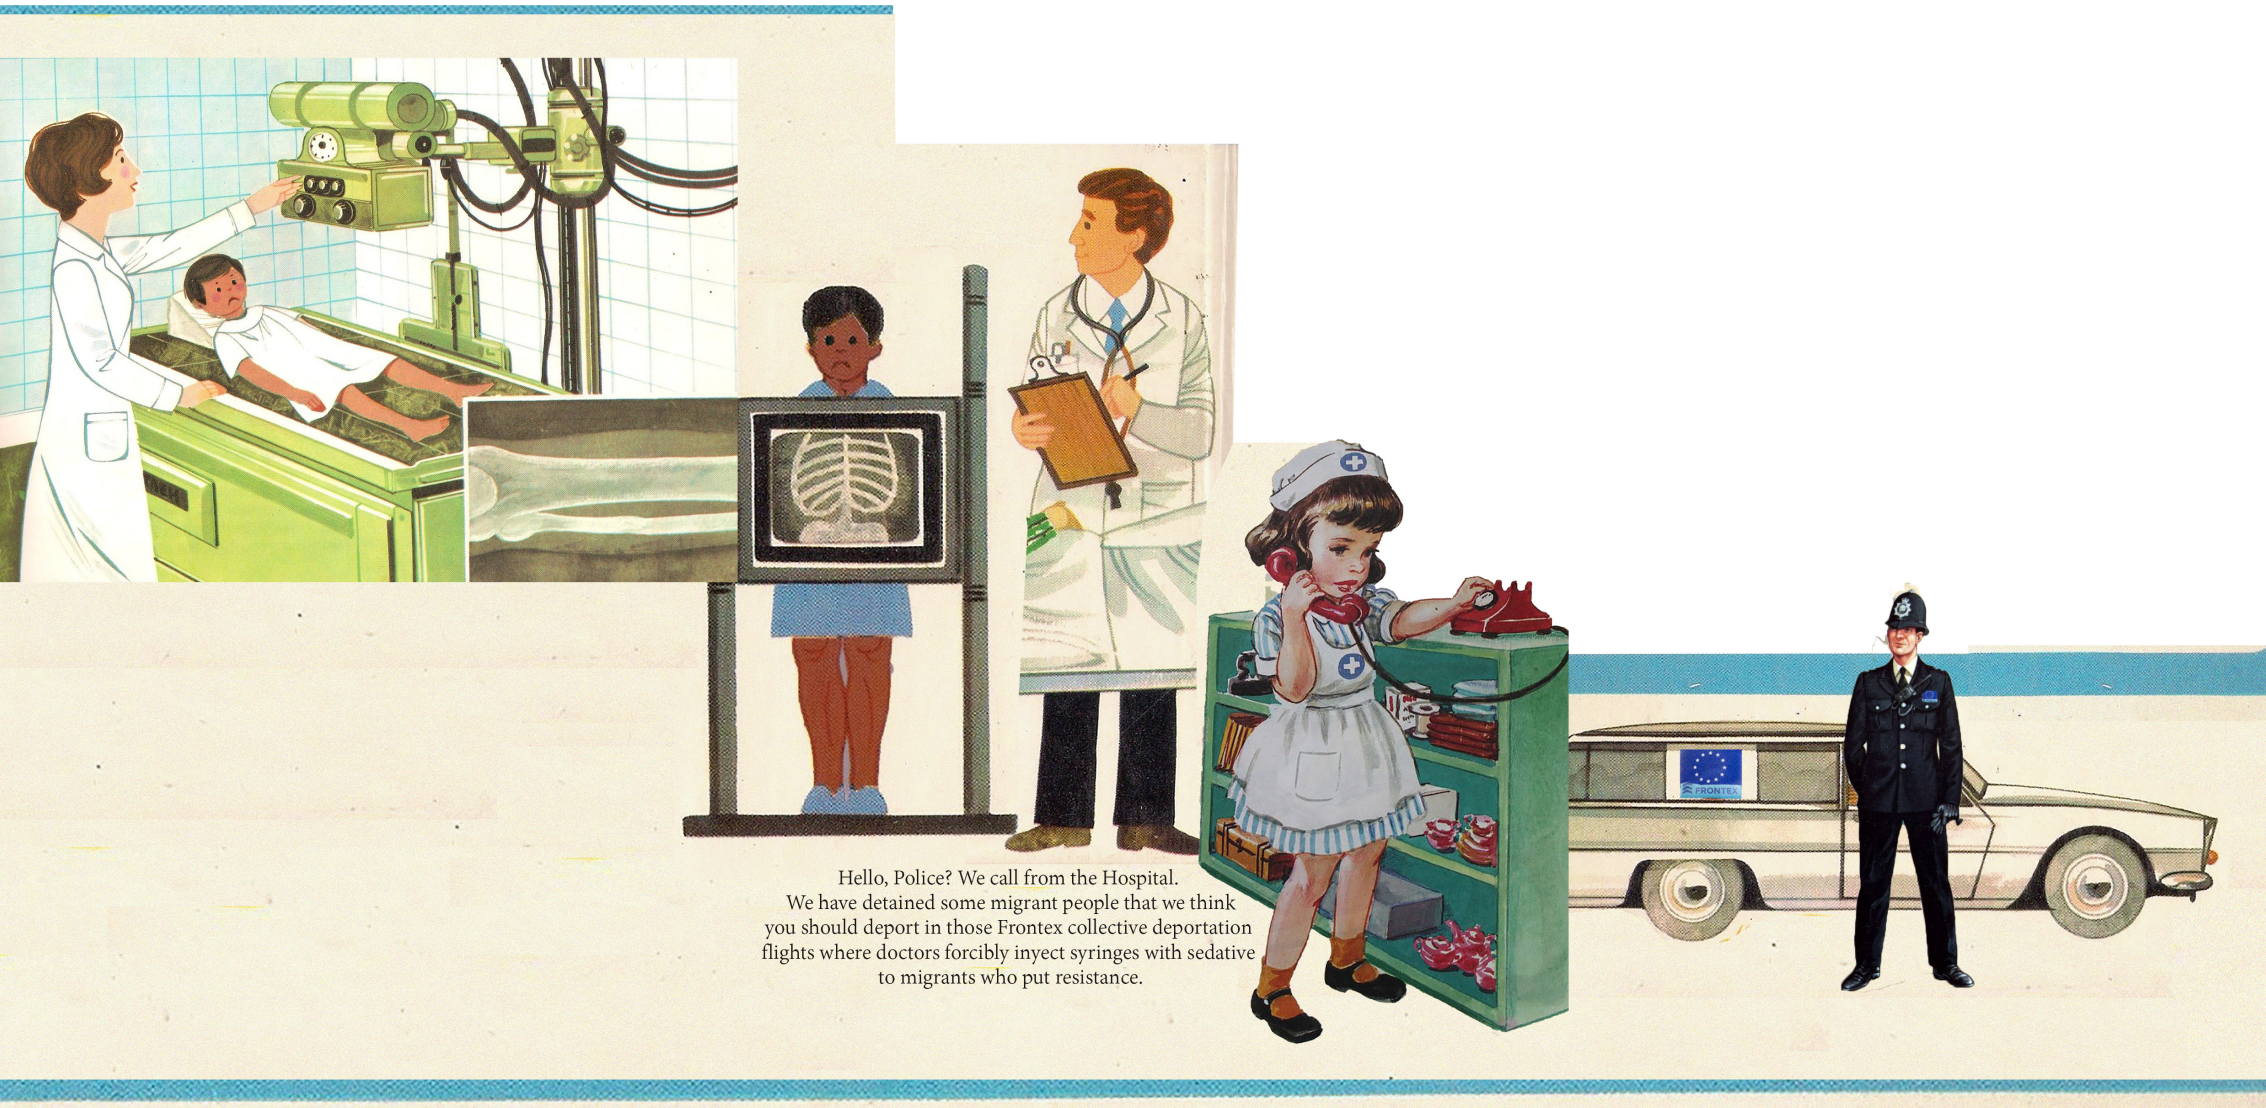

Euro-white people cannot see that **VOTING** is a privilege only they have. With no access to the **VOTE**, migrant people's political perspective has no **VALUE**, and they have no representation on the parliaments that create and perpetuate **VIOLENT** racist laws.

W

We have to stop **Wasting** our time reading **White**, Eurocentric authors who look down on us. **We** have been **Writing** our own **Words**, **We** have been **Weaving** our own histories. Knowledge is also part of the anticolonial **War**.

X

Hello, Police? We call from the Hospital.
We have detained some migrant people that we think you should deport in those Frontex collective deportation flights where doctors forcibly inyect syringes with sedative to migrants who put resistance.

XENOPHOBIC European doctors use **X-RAYS** to determine the age of migrant minors in order to deport them. Those same white doctors collaborate during collective deportations by injecting with sedatives those who resist expulsion.

Y

The empowerment of racialised and migrant **YOUTH** is crucial to defending **YOURSELF** and protecting **YOUR** community from racism. **YOUNG** fighters are the product of **YESTERDAY'S** struggles.

Z

How can we forgive the humiliation and violence that Europe inflicted on us? The **Zombies** of the colonial system, who have created comfort for themselves and suffering for others, deserve to be locked up in a human **Zoo**.
